### **PHASE 2 - PINK**

#### **SEALCOAT**

**MONDAY, OCTOBER 17**

#### **STRIPING**

**TUESDAY, OCTOBER 18**

- ❖ If you plan to use your vehicles on the day of your scheduled phase, please park them on a street outside of your phase the night before or no later than 7:30am that morning. Absolutely no street parking or vehicular and/or pedestrian traffic will be allowed for 24 hours after completion of each phase. Residents will be allowed to return their vehicles to their residence after National Paving removes the barricades once the sealcoat/stripping is ready for vehicular and pedestrian traffic.
- ❖ Please avoid running irrigation systems 24 hours prior to and after sealcoat/stripping is complete. Water run-off may delay work in these areas and/or damage the sealcoat/stripping application. Please notify your guests, mail/delivery companies, etc. that they may not have access to your property on certain days.
- ❖ Please keep pets, children, bicycles, etc. off the newly sealed/stripped areas for at least 24 hours after completion of each phase. Please note that those areas in the shade will take longer to dry. This material is oil based and will cause damage to floor coverings, vehicles and other exterior surfaces. Residents that walk or drive through and/or around barricades may be subject to fines and back charged for any damages caused to the asphalt from failure to comply with this notice.
- ❖ Any vehicles left in work areas will be towed away without further notification at the vehicle owner's expense. The Management Company and National Paving Co., Inc. will not be held liable for any damages to unattended vehicles, their contents and/or personal belongings left in work areas or for any damages to the property from failure to comply with this notice.

*We apologize for any inconvenience that this may have caused  
and we thank you for your understanding and cooperation!*
